

Final Transcript Instructions

Deadline: June 21, 2021, or if unavailable by then, within 10 days of when your final transcript becomes available.

You are required to submit official school transcript(s) with your final grades for all courses taken in your final school year. However, we know that this may be challenging given the disruptions caused by COVID-19.

First and foremost, you should focus on taking care of yourself and your family. If you are unable to meet the deadline due to circumstances beyond your control, please let us know and we will be as flexible as possible. **If you cannot send your transcript and/or want to send an explanation of your grades, please email us at admissions@mit.edu.** We'll work with you to figure out the best way forward.

How to submit final transcripts:

- **All transcripts should be sent by a school official and should include your full name, date of birth, and name of the school. They should be sent through one of the following methods:**
 - **Data Transfer Services:** If your school uses an online data transfer service (such as Naviance, Parchment, SCOIR, Cialfo, MaiaLearning, etc.) to submit transcripts, you can send documents directly to MIT. We encourage you to use this option over other means of submission if possible. Please do not send additional copies via fax or mail.
 - **Mail:** This option will take the longest to arrive. To ensure timely processing, please have your school official indicate on the envelope that a final transcript is enclosed and address to:
MIT Undergraduate Admissions Processing Center, PO Box 404, Southampton, PA 18966
 - **Fax:** Official transcripts may be faxed but will need to come from a school fax number and include a cover sheet and/or be on school letterhead with contact information for a school official who can verify your grades. Transcripts may be faxed to 617-687-9184.
- **If you've already graduated or are no longer attending school,** email us at admissions@mit.edu to let us know that we should already have your final grades. Include your full name and date of birth.

The Admissions Committee will review your final grades. In the unlikely event that you do not submit your final grades (without a reasonable explanation approved by the committee) or your academic performance is found not up to MIT standards, we have the right to revoke or defer your offer of admission.

Official Test Score Instructions

Deadline: Official scores need to be sent by June 21, 2021.

If you self-reported test scores for the SAT, ACT, or English proficiency exams as part of your application, you must send us the official score reports through the testing agencies. This includes future test dates that were provided at the time of the application. If you did not sit for an exam you listed as a future date, you must notify the Admissions Office at admissions@mit.edu.

To send your official test scores, please follow these instructions:

- First, go to your applicant status portal and check the status of listed tests. Scores for which we have received an official score will be listed as verified. SAT, ACT, or English language proficiency exams with a self-reported status must have an official score report sent to MIT through the testing agency.
- AP, IB, or other standardized exams associated with courses (A-Level, Baccalauréat) reported in your application do not require official score reports sent to the Admissions Office. However, please refer to the Office of the First Year if you plan to apply for credit related to these exams.
- Any inconsistencies in a student's self-reporting of exam scores may result in a student's admission being rescinded.

MIT's code for [SAT](#) and [TOEFL](#) is 3514. MIT's code for [ACT](#) is 1858.
